

EARTHMAX SR 423 - Spécifications techniques

Description

EARTHMAX SR 423 est un pneu radial **All Steel** (Tout Acier) adapté pour une série d'applications y compris les opérations dans les carrières, les forêts ou de transport. Le dessin non directionnel de la bande de roulement assure d'excellentes traction et stabilité sur tout type de terrain. Le pneu est idéal pour le transport de charges lourdes. La carcasse **All Steel** robuste se distingue de par une grande résistance à l'usure de même que aux coupures et crevaisons. La bande de roulement renforcée et le design de l'épaule contribuent à en allonger le cycle de vie même dans des conditions pénibles.
