

LG SMOOTH - Spécifications techniques

Description

LG SMOOTH est un pneu pour pelouses et jardins, approprié pour les tondeuses. Bien qu'il soit délicat sur le terrain, le pneu présente un dessin à l'avant-garde qui lui assure une durée de vie plus longue et facilite le maniement et les manœuvres. LG SMOOTH est disponible dans une version "aramid belted", avec ceintures en aramide, pour les utilisateurs qui ont besoin d'une plus grande résistance aux perforations.
