

XL GRIP (BHL) - Fiche de données

Description

XL GRIP (BHL) a été particulièrement conçu pour les chargeuses pelleteuses utilisées dans les opérations pénibles lors des applications d'excavation, nivellement et chargement. Le dessin non directionnel de la bande de roulement assure d'excellentes traction et stabilité. Le mélange spécial de la bande de roulement confère une excellente résistance aux coupures et déchirures et allonge la vie du pneu.
