

RIB IMPLEMENT (A) - Scheda tecnica

Description

RIB IMPLEMENT(A) è stato progettato per rimorchi e attrezzi agricoli nelle applicazioni di trasporto e per la lavorazione della terra. Lo pneumatico è ideale per le aziende agricole moderne e offre prestazioni eccellenti sia sulla strada che fuori strada. RIB IMPLEMENT (A) è la scelta giusta per tutte le condizioni operative che richiedono un elevato livello di manipolazione e manovre nonché una ridotta compattezza del suolo per conservare le colture.
